Coronavirus Disease 2019 (COVID-19)

The Cal OES State Operations Center (SOC) activated 03/02/20 at 0700 hours in support of the California Department of Public Health (CDPH) Medical Health Coordination Center's (MHCC) statewide response to COVID-19. Cal OES will continue to provide resource coordination for the COVID-19 event, as well as situation status reporting and advance planning across multiple areas.

Situation Overview

- **California State of Emergency Proclamation**

On 03/04/20, Governor Gavin Newsom declared a State of Emergency for California, as a result of the global COVID-19 outbreak that began in December 2019, to make additional resources available, formalize emergency actions already underway across multiple state agencies and departments, and help the state prepare for broader spread of COVID-19.

- **Global Health Advisory**

On 08/06/20, in close coordination with the U.S. Centers for Disease Control and Prevention (CDC), the Department of State lifted the Global Level 4 Health Advisory. The Global Advisory, initially put in place on 03/19/20, advised U.S. citizens to avoid all international travel due to the global impact of COVID-19. For more information visit: <https://www.state.gov/>.

- **State Executive Order N-33-20**

On 08/28/20, California introduced a blueprint for reducing COVID-19 in the state with revised criteria for loosening and tightening restrictions on activities by counties. Visit [Blueprint for a Safer Economy](#) for more information and to check the status of a county. This blueprint included a health equity metric to be used along with other metrics to determine a county's tier. The purpose of [Equity Metric](#) is to ensure California reopens its economy safely by reducing disease transmission in all communities.

WEATHER KEY POINTS

01/12/21 - 01/18/21

Tuesday-Monday

- In far northern California, gusty winds up to 55 mph could cause minor damage Tuesday, especially along the northwest coastline and over any exposed mountain ridge tops
- A stalled front will bring moderate to heavy rain to far northern California through Wednesday morning
 - Significant rises on streams/creeks are possible, with rock slides also possible along mountain roads, but widespread flooding is not expected.
- Large breaking waves and high astronomical tides could lead to minor coastal flooding through Wednesday afternoon
 - Minor flooding of sea water is likely, a few hours before and after high tides, over vulnerable low-lying coastal areas such as parking lots, beaches, and walkways. Significant damage to roads or structures is NOT expected.
- Gusty offshore winds will return to Southern California Thursday into early next week, bringing another round of increased fire weather concerns.

Cal OES LAW ENFORCEMENT MISSIONS

Cal OES Law Missions

- **2021-LAW-50691, 01/11/21, 0835 hours**, Madera County Sheriff's Office called regarding a Missing Person (MP) investigation. They were searching for two people who did not return from a day trip to the Mammoth Pools area the previous day. Due to the remote area, and extremely cold temperatures overnight, Madera was requesting AFRCC cell phone forensics for the MP's cell phones. LDO coordinated the request with AFRCC. **Update**, 1130 hours: Madera County advised the subjects had been located and were in good health. Their vehicle had become stuck in the snow late yesterday afternoon, and they spent the night in it. They waited until this morning and walked out until they could call for help via their cell phone. **MISSION CLOSED**
- **2021-LAW-50849, 01/01/21, 2030 hours**, Amador County Sheriff's Office requested HRD K9 teams to search for a missing person in an ongoing investigation. The requested resources are to meet for a 0600 briefing, 01/16/21, at the Amador County Sheriff's Office in Jackson. After the briefing search teams will caravan to the search area. LEB will coordinate obtaining the requested resources. **MISSION ONGOING**
